PASS 0078-86  
17 July 1986

MEMORANDUM FOR: PASS Working Group Members

FROM:

[Redacted]

Acting PASS Program Manager

SUBJECT: Cancellation of Working Group

1. The PASS Project will shortly enter a phased implementation period. A majority of the planning has been completed and the Project team is finishing the remaining tasks required for the Phase I and II implementation. Due to the demands on everyone's time, I feel it is appropriate to discontinue the monthly meetings of the Working Group.

2. Over the next year, meetings will be called whenever there is a need to exchange general information regarding the system to the Group.

3. Thank you for your participation in the Group and your continued support of PASS is actively solicited. Please feel free to contact the PASS Program Management Office at [Redacted] if you desire any information about the system.
